

The background is a deep red color with abstract, glowing particle trails that create a sense of movement and energy. These trails are composed of small, bright red dots connected by thin, shimmering lines, forming curved paths that sweep across the frame. The overall effect is dynamic and visually striking, providing a high-contrast backdrop for the yellow text.

Our Congregational Bodies

The background of the slide is a deep red color. It features several abstract, glowing particle trails that sweep across the frame. These trails are composed of numerous small, bright red dots, giving the impression of light or energy moving through space. The trails originate from the top left and bottom right corners, curving towards the center and then extending towards the opposite corners.
